Professional Summary

Motivated Full Stack Developer with hands-on experience building and deploying production-ready web applications using React.js, ASP.NET Core (.NET), Flask, PostgreSQL, SQL Server, and MongoDB. Developed real-world projects in cybersecurity, healthcare, and e-commerce, demonstrating expertise in REST API development, authentication, database management, and cloud deployment. Passionate about learning new technologies and building scalable, secure software solutions.

Technical Skills

Languages: C, C++, C#, Python, JavaScript, SQL

Frontend: React.js, TypeScript, HTML, CSS, Tailwind CSS, Bootstrap

Backend: ASP.NET Core, Flask, Entity Framework Core, REST APIs, JWT

Databases: PostgreSQL, SQL Server, MongoDB, MySQL

Tools: Git, GitHub, Docker, Render, Vercel, VS Code

Core: OOP, DBMS, OS, SDLC

Projects

CyberShield – Smart Web Security & Vulnerability Scanner

🐙 GitHub

🌐 Demo

React.js • TypeScript • ASP.NET Core • PostgreSQL • Entity Framework Core

- Built a cloud-hosted cybersecurity platform that analyzes SSL/TLS, HTTP security headers, HTTPS configuration and website security posture.
- Implemented JWT authentication, RBAC, REST APIs and PostgreSQL for secure backend services.
- Deployed frontend on Vercel and backend on Render with production-ready architecture.

ArogyaAI – AI Powered Healthcare Platform

🐙 GitHub

🌐 Demo

React.js • Flask • MongoDB Atlas • Scikit-learn • JWT

- Developed an AI-powered healthcare platform for disease prediction using Machine Learning.
- Integrated JWT authentication, OCR prescription scanning, appointment booking, health monitoring and PDF reports.
- Built REST APIs using Flask with MongoDB Atlas cloud deployment.

E-Commerce Web Application

🐙 GitHub

ASP.NET Core • SQL Server • Entity Framework Core • Bootstrap

- Developed a scalable e-commerce platform with authentication, shopping cart, checkout and order management.
- Designed secure REST APIs using ASP.NET Core and Entity Framework Core.
- Optimized database operations and implemented role-based authorization.

Certifications

- Programming Using Java – Infosys Springboard (2026)
- Ethical Hacking – Cisco Networking Academy (2024)
- Ethical Hacking – Internshala (2024)
- Data Analytics with Tableau – Jobaaj Learning (2023)

Education

Bachelor of Technology (B.Tech) – Computer Science Engineering

Himachal Pradesh Technical University, Hamirpur

2022 – 2026

Achievements

- Developed and deployed three production-ready full-stack applications using React.js, ASP.NET Core (.NET), Flask, and PostgreSQL.
- Built CyberShield, a cloud-based web security platform that performs SSL/TLS analysis, HTTP security header inspection, and security posture assessment.
- Earned certifications in Java Programming, Ethical Hacking, and Data Analytics.
