

NITIN PATYAL

AI Engineer | Full Stack Developer | ML & Data Analytics

Himachal Pradesh, India | +91-7876030089 | patyalnitin868@gmail.com

LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Computer Science Engineering graduate with hands-on experience in full-stack development, AI/ML, REST APIs, data processing, and cloud deployment. Skilled in Python, C, JavaScript, TypeScript, React.js, FastAPI, Flask, ASP.NET Core, SQL, PostgreSQL, SQL Server, MongoDB, Scikit-learn, and LLM integration. Experienced in building and deploying AI-powered applications, machine learning solutions, cybersecurity platforms, and data-driven web applications.

TECHNICAL SKILLS

Programming: Python, C, C++, C, JavaScript, TypeScript, SQL, Java

AI/ML: Scikit-learn, Pandas, NumPy, LLMs, Ollama, Sentence Transformers, FAISS, Tree-sitter, EDA, Feature Engineering, Model Evaluation, Hyperparameter Tuning

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend: FastAPI, ASP.NET Core, Flask, Entity Framework Core, REST APIs, JWT, RBAC

Databases: PostgreSQL, SQL Server, MySQL, MongoDB, MongoDB Atlas

Data/Engineering: Data Processing, Data Cleaning, Data Validation, Data Quality Checks, ETL/ELT Concepts, Batch Processing, Data Reconciliation

Tools/Cloud: Git, GitHub, Docker, Netlify, Render, Vercel, Swagger, VS Code, Visual Studio

EXPERIENCE

Full Stack Developer Trainee | Infotech Soft Solutions, Chandigarh

Jan 2026 – Jun 2026

- Completed hands-on Full Stack Development training covering React.js, Flask, REST APIs, MongoDB, JWT authentication, and machine learning integration.
- Developed **ArogyaAI**, an AI-powered healthcare platform with ML-based disease prediction, OCR prescription scanning, appointment booking, health monitoring, and PDF report generation.
- Built frontend components, REST APIs, authentication workflows, database operations, and AI/ML integrations across the application.
- Worked through application development, API integration, testing, debugging, database management, and deployment workflows.

PROJECTS

CodeMind AI – AI-Powered Code Intelligence Platform

Live Demo | GitHub

- Built and deployed an AI-powered GitHub repository analysis platform for code structure, dependencies, duplicate code, code quality, security findings, and architecture analysis.
- Integrated LLM-powered code explanation, remediation, test generation, documentation, and semantic code retrieval using FAISS, Sentence Transformers, Ollama, and Tree-sitter.

CreditGuard – Credit Risk Analytics Platform

Live Demo | GitHub

- Built an end-to-end credit-risk prediction platform using Python, Pandas, Scikit-learn, FastAPI, SQL, and React.js.
- Implemented preprocessing, validation, model tuning, and threshold optimization, achieving **0.8094 ROC-AUC**, **0.7833 recall**, and **0.6309 F1-score**.

CyberShield – Smart Web Security & Vulnerability Scanner

Live Demo | GitHub

- Developed a cloud-based cybersecurity platform for SSL/TLS analysis, HTTP security-header inspection, HTTPS validation, vulnerability detection, and security monitoring.
- Implemented JWT authentication, RBAC, REST APIs, PostgreSQL integration, audit logging, and structured security-data workflows using React.js and ASP.NET Core.

ArogyaAI – AI-Powered Healthcare Platform

Live Demo | GitHub

- Developed an AI-powered healthcare application using React.js, Flask, MongoDB Atlas, Scikit-learn, and JWT authentication.
- Implemented ML-based disease prediction, OCR prescription scanning, appointment booking, health monitoring, PDF report generation, and Flask REST APIs.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science Engineering

2022 – 2026

Himachal Pradesh Technical University, Hamirpur

CERTIFICATIONS

Programming Using Java – Infosys Springboard, 2026 | Ethical Hacking – Cisco Networking Academy, 2024

Ethical Hacking – Internshala, 2024 | Data Analytics with Tableau – Jobaaj Learning, 2023
